

RPI TV Executive Meeting Minutes

8 December 2009

Officers Present

Tom Falls, Reilly Hamilton, Dan Falkenstrom, Mike DiTore, Scott Altman, Brian Michalski, John Isabella, Sean Andrese, Colin Sullivan, Kyle Mackenzie, Haris Khan

We have football tomorrow; we will find a volunteer to produce it at the Business meeting.

We are unsure as to the location of a microphone. No one is sure how long it has been missing.

We also have a Media Ops cable that is not functioning, and a WRPI one in the field house.

Someone left a camera on and put it in the case, please make sure the camera is off before you put it in the case.

The Z5U has been having a red horizontal line problem at high shutter speeds. We have not yet found a fix for this problem besides lowering the shutter speed.

We have new bags to organize cables, they are different colors, and work very well.

John Isabella has been approved as Senior Equipment Operator.

John Isabella has not been approved as an Equipment Supervisor, he opposed himself.

0 – 2 cameras have been granted to John Isabella on Saturday for an unscripted production.
